Again Money is Tight!

Perhaps you're not a financier You may not know the full meaning, the awful meaning, of a tight money market. But you do know the results; bank after bank forced to the wall-failure upon the heels of failures in Chicago in New York—everywhere, everywhere! That's a tight money market! Everybody wants money just when no-body seems to have any. Dry goods men also want moneymust have money at any price, at any sacrifice to prevent time-honored names from being trampled in the dust.

Who has the Money? Who has the Gold?

Is the cry! The TEMPLE OF FASHION had the money and exchanged it for Clothing, Shoes, Fine Dress Goods, Trimmings, Etc., at such advantage as to almost appear incredible; but the goods are here to speak for themselves-goods that are as fine as any made in the United States sold to us for a trifle. They must move-they must be exchanged for money, at any sacrifice, in order to keep our stock up to its well known high standard. A Sucrifice sale of tremendous proportions has been inaugurated at
